## United Church

Sunday Services May 2

11.00 A.M. regular Sunday School session.  
10.30 A.M. class at Manse for instruction in church membership.

7.30 P.M. Public worship. Subject, "Our debt to the Missionary." Special annual offering for missions. You are cordially invited.

## Death of Mrs. C. E. Kingswood

The death occurred, on Sunday, April 11, of Mrs. C. E. Kingswood, of Cavendish. Deceased was 30 years of age, and her death was due to heart failure. She was English by birth and was a fully-qualified trained nurse. She leaves to mourn her loss a husband and five children, the youngest of whom is about five years of age. Interment took place at Cavendish. We join with friends and neighbors in extending sympathy to the bereaved family.

The death occurred on Thursday April 15, of the infant son of Mr. and Mrs. A. Sawyer. Sympathy is extended to the bereaved parents.

The drilling of the local boy scouts is attracting the attention of the elder people and a number of favorable comments are to be heard.

## Anglican Church

Services will be held in Emmer, on Sunday, May 2, Easter IV, as follows:  
11 a.m., Holy Communion.  
7.30 p.m., evening prayer.  
L. J. Tatham  
Priest in Charge

## Death of Hon. A. G. McKay

Edmonton, April 26.—Hon. A. G. McKay, M.A., K.C., M.P.P., minister of health and of municipal affairs in the Alberta government, died yesterday morning at 4.30 after an illness of less than two weeks. Heart failure, following an attack of pneumonia, was the cause. The body will be taken east for interment at Owen Sound, Ont.

The Hon. Mr. McKay came to Edmonton in 1912, where he was for a time leader of the Liberal opposition. In the legal profession of Alberta, he soon won a leading place and was recognised as one of the ablest criminal lawyers in the province. He was elected a member of the legislature for Athabasca in 1913 and entered the Government in 1918 as minister of municipal affairs, to which was later added the department of health. His administration of these departments won him high commendation from political opponents as well as from the public. His progressive health legislation of the past two years will remain as a monument to his administration.

Mr. and Mrs. V. Hanna and family recently moved to Emmer, Alta., where they will reside.—News, Wolsley. Mr. Hanna recently purchased the Emmer Livery and Feed Barn, and has taken up his residence with his wife and family in our town.

Copy for changes of advt. brought into this office after noon on Mondays of each week will POSITIVELY not be taken notice of until the following week, unless other arrangements happen to be made with the publishers.

## Field Grains

At a directors meeting of the Emmer Agricultural Society held Friday last, it was decided that should conditions warrant, the Society would hold a fall fair, and in the meantime they would conduct a Standing Grain Competition. Prizes will be provided for five varieties of grain: Wheat, Oats, Fall Rye, Flax and Corn. In each case the prizes will be—1st, \$15; 2nd, \$10; 3rd, \$5.

Fields for competition are to be ten acres in area, and a small sum will be charged for entrance fee. Entries must be made on or before July 10, to the Secretary, G. S. Tucker.

A Conference of the Boards of Trade of Western Canada is to be held in Calgary, May 18, 19 and 20, 1920. The chief object of the Conference is to get an expression of opinion on subjects of general interest to all of Western Canada. The local Board of Trade will hold a meeting on Thursday evening to consider the matter of sending a delegate or delegates to the Conference.

A lengthy report appeared in the Regina Post concerning the opening of the Balmoral Cafe at Regina, which is now under the charge of H. Gorkazi and his partners, who were the former owners of the Princess Confectionery; here. The report states that the cafe is the most sumptuously furnished eating place of its kind in the city. Mountain and water scenes decorate the walls, while the tiled floors are softened by heavy carpets. Twenty-five per cent of the first day's receipts were given to the Children's Aid Society.

The Herald, Hanna, Alta., says that grading on the Hanna-Medicine Hat line will recommence directly the frost is out of the ground and that a temporary bridge will be thrown across the Red Deer river at the point of crossing.

## Competition

## Acadia Mock Parliament

Premier J. H. Frey has whipped the Farmers Party into line and with his present large majority should soon give us some of the much heralded Farmers Legislation. Cabinet appointments will not be officially announced, until parliament is in session.

The leader of the Democratic opposition is making big plans for the coming session. D. Hallman is a big man and a shrewd politician. He looks for some radical "Class Legislation" and to do everything possible to block such action.

E. C. Hallman, leader of the Independent or Cross Bench Party is also making some big noise. It is indeed humiliating to see such small number of intelligent men and women openly offering their support first to one and then the other of the two big parties. It is sincerely hoped that a Cabinet Appointment will settle this matter at an early date.

The reform of the Senate, the discontinuance of the practice of conferring titles upon citizens and the complete abolition of the patronage system, will be among the first policies to be proposed by the Government.

Messrs H. P. Gregg and J. I. Stoultz, made a trip to Alaska, by auto, this week.

## Changes in Game Act

The Legislature has amended the Game Act during the past Session, with the result that Muskrats are protected at all times South of the North Saskatchewan River—which was in effect on April 10. Provision will be made by the Lieutenant-Governor for permits to trap muskrats where they are causing damage or where they are sufficiently plentiful to warrant trapping.

It is further provided that fur buyers and for dealers must procure a license before trafficking in the pelts or skins of any wild animal. These licenses for residents of the Province will cost \$5, while for non-residents it will be 100.00. In addition to the above, exporters of pelts and skins of wild animals must obtain a license, the cost of which is 1.00

## Canada's and the World's Need

Occasions arise when it becomes the patriotic duty of every man, and woman, to forget, neglect, even sacrifice, their own work and interests for the general good of their country. Such an occasion arose with the outbreak of the Great War. The happiness and comfort of home, success in business achievement, the general betterment of one's position in life and the promotion of the family's welfare, usually and properly the chief worldly concern of any person, suddenly became matters of minor importance. The liberty of the whole human race, the basic principles on which civilization rests, the ideals and independence of the nation itself, were jeopardized and their destruction threatened. In these circumstances, men devoted to purely personal interests, became utterly selfish and unworthy. Generally speaking, a man serves his country and the cause of humanity as well when he devotes his best thought and energies to the every day work which calls for attention, providing the work in which he is engaged is legitimate and worthy. It should not be, of course, a selfish absorption in his own interests, but an exclusion of everything else. It should not be a miserly regard for personal gain irrespective of the effect on others, and wholly neglect of the finer things in life and of community and national interests. But, on the whole, the person who does his work faithfully and well is serving his country and fellowmen at the same time.

This, let it be repeated, is true as a general proposition, but it was never more universally true than it is at the present time. The needs not only of Canada, but of the whole world, the needs of that civilization which was saved from destruction on the battlefields of the world during the historic years 1914-1918, call imperatively to every Canadian to "be on the job" doing his own particular work at the same time.

There is no need for emphasizing this fact because there is in evidence on all sides an inclination to "let up," to put less effort into one's work, in a word, to get through the day as quickly and easily as possible, and this at a time when, because of the wholesale destruction of goods and wealth caused by the war, there is greater need than ever before for the maximum of productive effort. As has been pointed out over and over again, not only do men insist upon easier work, shorter hours of labor, more pay and more of the good things of life, but they become indignant if the price of these goods goes up. Yet it must be apparent to all intelligent and reasonable men that if less is produced and more is consumed scarcity must result and a rise in prices becomes as inevitable as the force of gravity.

This general relaxation is, however, a natural sequence of the war, and it is not confined to any one class of the population of this and other countries. It is manifest in all ranks of society. During the war there was a tremendous urging of farmers to work early and late and increase food production, and of all industrial workers to turn out a maximum of goods. This same incentive to effort was urged in connection with the Victory Loan, Patriotic Fund, Red Cross and other drives. It found general expression in work, service, sacrifice. Everybody was living at high tension.

It is inevitable and only human nature that such a strain, for which many were ill-prepared, and that with the related tension there should come a period of slackness, lessened production and lack of interest in work. It is the same feeling which forces a man after a period of tense application to take a holiday. The war saw an extreme of work and sacrifice; now we are having an extreme of slackness and selfishness, wherein everybody wants as much as possible by giving or paying as little as possible.

But along this path lies individual and national loss, and, if persisted in, ultimate disaster. If we all look upon the world as our stage for the squeezed dry, at a time when a desperate struggle is in progress to rehabilitate it, then we are but hastening our own disappointment and increasing our loss. On the other hand, the man or woman who refuses to let themselves down, and who sticks to their job now will find in a comparatively short time that they have not only rendered real service to their country and the world, but that they have enormously advanced their own interests and placed themselves in a strong position to meet and overcome any of the adversities which may yet have to be faced before this old world is again established on a normal foundation.

A new broom sweeps almost as clean as a straight stick.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty.

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfume of massy, silky hair, glowing by itself, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy golden gleams and tender lights. The youthful girls, teens and older are again in your hair. "Danderine" is a tonic-beautifier, besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressmaker's invigorator as told on the bottle.

Among many people sneezing is becoming as a sign of evil fortune. By many it was once believed to be lucky from noon to midnight and unlucky from midnight to noon.

## Britain's Debt to Canada

\$214,684,489 Due to This Country By The British Government

The Ottawa correspondent of the Toronto Globe says that, "Recently the Imperial government and Dominion government struck a balance of their indebtedness to each other, apart from certain accounts still under consideration. The federal government's indebtedness to Great Britain, with the exceptions noted, was therefore wiped clean off the slate, leaving an amount of \$214,684,489 due to this country by the British government."

## THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little ones she can give such results that the mother has nothing but words of praise and commendation for the tablets. The thousands of mothers throughout the world make the tablets famous. Dr. A. Anderson, New Glasgow, N.S., writes: "I have used Baby's Own Tablets for my children. Ever since my experience I would not be without them. I would urge every mother to keep a box of the Tablets in her home. They would save me much trouble and expense which I might have incurred through laxative which regiments the bowels and sweeten the stomach. I have out constipation and indigestion break up colics and simple ailments and the trouble is gone. They are sold by medicine dealers or by mail for 25 cents a box from The Dr. Williams' Pink Pills Co., Brockton, Ont."

## Transaction of National Importance

Sun Life Assurance Co. Purchases Block of United Grain Growers' Twenty Year Bonds

A financial transaction of national importance, but of special interest to the farmers and grain growers of the West, has just been completed between the United Grain Growers and the Sun Life Assurance Company of Canada, according to an announcement obtained by this newspaper from Mr. E. A. Macnutt, treasurer of the Sun Life.

The remarkable growth and the vast amount of good accomplished by the United Grain Growers in their measures of co-operation in the marketing of grain, etc. for the farming community of Western Canada are well known. The board of directors of the United Grain Growers intend to branch out on a still larger scale, and has just authorized an issue of two million dollars of six per cent. first mortgage twenty year gold bonds.

Three quarters of a million of this issue has just been purchased by the Sun Life of Canada, leaving the remainder of the issue when needed by the Grain Growers will be offered to the Sun.

This is an instance of a Canadian life company which draws its resources in the way of premiums from the public, directly assisting a co-operative enterprise of a very important section of the people.

The bonds are secured on the elevators and real estate of the Grain Growers spread over the provinces of Alberta, Saskatchewan and Manitoba, and the Company is composed of more than 30,000 shareholders who reside in these western provinces and are farmers and grain growers.

The head office of the United Grain Growers is in Winnipeg and the officers are: president, Hon. T. A. Cregar; vice-president, C. Price Jones; 2nd vice-president, J. Kennedy; secretary, J. A. Hand; treasurer, F. M. Black.

The head office of the United Grain Growers is in Winnipeg, and the head office of the Sun Life is in Montreal.

## Big Road Contracts to be Let

Eight Hundred Miles of Road to be Built in Manitoba

Tenders for grading about 800 miles of roads will be called for in Manitoba within the next two months, according to information supplied by the province. This work will be let in contracts of from two to 75 miles. The work will be done under "The Good Roads Act," which has been in successful operation for the past six years. Up to the present, about 1,200 miles of work has been graded and about 400 miles gravelled under the act.

In addition to the road work, it is expected that over 100 concrete bridges will be constructed. The bridge work will include a steel bridge 450 feet long over the Red River; a concrete arch 100 feet clear span over the La Salle River; several bridges of concrete over the Assiniboine River, and a number of bridges from 30 to 50 feet clear span. Up to date, 384 bridges have been built under "The Good Roads Act," of which 271 were of concrete.

It is expected that over 4,000 miles of grading will be done in Manitoba within the next four years, and a large percentage of this mileage is to be gravelled.

## Miner's Liniment Cures Burns, Etc.

Rapid Loading of Vessels

Docks At Duluth Speediest On-Loading Plans in the World

Figures of loading and unloading records made at the fastest and largest ship-loading docks in the world have just been announced. The steamship N. B. Bean passed through the Duluth ship canal at 11:30 a.m. May 29, and out the same canal 3 hours and 45 minutes later with a cargo of 11,880 gross tons of iron ore. She was at dock 55 minutes. Later in the season the H. D. Williams took on 12,786 gross tons in 45 minutes at the dock, and 3 hours and 50 minutes in the harbor. Still later the D. C. Kerr took on 12,680 gross tons in 35 minutes at the dock. This is the fastest time for loading ore made anywhere. The docks at Duluth, Missabe & Northern road, where these records were all made, are recognized as the speediest ship-loading docks in the world. It is not unusual to load a ship at the rate of 1,000 tons in 4 minutes. The ship W. A. Macnutt, L. C. Hanford and Berwind No. 2 docks at Duluth, during the past summer, at the rate of 1,150 and 1,272 tons an hour. These also are world's records.

## "SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it every time you feed. Mother! You must say "California."

## The Candid Volunteer

An Australian who did clerical work for his government during the war tells how in going through a batch of enlistment forms one day and checking the usual questions as to name, age, address, occupation, and so on, he came upon one decidedly original reply. The question, "State in which enlisted," was answered by the assurance, "strictly sober."

An Englishman and an Irishman met one day, and the former, wishing to have some fun with Pat, asked him if he was good at arithmetic.

"I am that," said Pat.

"Then could you tell me how many shirts I could get out of a yard?" asked the Englishman.

"Well," said Pat, "that depends where you get your girth."

No woman can reform a husband by continuous lecture process.

## Will Locate in B.C.

Iron and Steel Industry On The Pacific Coast

A powerful British iron and steel company will locate in British Columbia and establish a complete plant for turning out all products of the industry, according to advice received at Vancouver, B. C. from England. Work on preliminaries connected with this firm's location for activity in western Canada has already been started. This company will be capitalized at five million pounds sterling, and will work in British Columbia, with an established coal company having rail and water connections. Native ores of British Columbia are to be utilized.

## Mill for Grinding Alfalfa

New Machine Will Turn Out "The Actual Best"

One of the results of the huge alfalfa yields in the Leithridge and Coaldale areas of Southern Alberta during the past season and an increase in the confidence of the farmers there that this is merely a beginning of the yields of this fodder crop that will be produced is made evident by the purchase by a local company of an alfalfa mill costing \$15,000.

This mill grinds the whole alfalfa plant into a meal, which, it is stated, has proven the most economical way to feed alfalfa. Alfalfa chaff has been used in the past, but the new machine will turn out the actual meal. Its installation will mark the advent of a new important industry in the development of the district.

### Report of U.F.A. Drive

By H. E. FRANCIS

Division No. 1 of the Medicine Hat District Association has just finished a most successful membership drive. The start was at Rainy Hills Local, Idlesleigh, on March 15, ending at the Bonnie Briar Local, near Alaska, on March 31. C. H. Harris, Medicine Hat District Director was the principal speaker, being ably assisted by Mrs. E. C. Hallman, Associate Director of Division Number 2. Sixteen points were visited in the seventeen days drive, a total of twenty-four meetings being held.

As a result of this drive the 1920 membership already exceeds the membership of 1919 and will show a net gain of at least 400 before July 1. Fourteen new locals were secured as follows—four U.F.A., five U.F.W.A., five Junior.

To quote Mr. Harris, "It was a grand success, in fact the best drive I have ever held. It was held at the right time of the year, the people were not too busy to attend the meetings. The schedule arranged beforehand by the District Director was perfect, there being absolutely no loss of time or mileage. I cannot give too much credit to the officers and members whose enthusiastic support helped to make the drive a perfect success."

Mr. Harris is a very enthusiastic speaker, who secures the interest of his audience and holds it throughout his address. His ideas on the necessity of a complete organization of the farmers were well received, especially those touching on an international organization for the scientific marketing of farm produce, tending to meet modern business methods by similar methods.

Mrs. Hallman, although this is her first attempt at organizing, met with wonderful success, and bids fair to become one of our best U.F.W.A. and Junior organizers.

A few details of the drive might be of interest: At Idlesleigh, the meetings were well attended, and a U.F.W.A. as well as a Junior local were organized. They are extremely fortunate to have a very efficient secretary for their locals in the person of Mrs. C. Olsen. She is the local school teacher and is deeply interested in organization work. The members of this local are talking strongly of forming a co-operative association and were much disappointed in not having a representative of the U.G.G. at their meetings. At Jenner, the meeting was poorly attended. Although this

has been and still should be one of the strongest locals in the division, there seemed to be some friction and a decided lack of interest in the local. Closer investigation, however, showed that the members and prospective members at this point were strongly in sympathy with the farmers movement. After several conferences a membership drive was started. Last reports show they are making fine headway.

We expect to hear reports from their Secretary, Mr. Stevens, on an early date that they are taking up the work with their old time vim and enthusiasm. The ladies and juniors are also contributing, coming into the ranks with a strong U.F.W.A. and Junior Local.

Peewees Local, as usual, is going strong. The meeting was well attended and the speakers were given the closest attention. Following the speaking many questions were asked and the members all took part in a lively and interesting discussion.

## Canadian Pacific Railway

### Change in Train Service

For further particulars apply to any Ticket Agent:

J. E. PROCTOR

District Passenger Agent

Calgary

The balance of the evening was spent in listening to a varied program given by local talent. It consisted of readings, songs and instrumental selections, which would be a credit to any gathering. A Junior local was organized, and we are confident that every available person will be a member of one of these branches of organization before July 1.

(continued next week)

## DON'T LOSE YOUR HEAD

and a considerable amount of time trying to Sell, Find or Buy an article when a "Want" Ad. will do the trick without worry or trouble.

## Income Tax Return

on or before the 30th of April, 1920.

Dominion of Canada

Department of Finance

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—

1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.
2. All other individuals who during the calendar year 1919 received or earned \$2,000 or more.
3. Every corporation and joint stock company whose profits exceeded \$2,000 during the fiscal year ended in 1919.

Forms to be used in filing returns on or before the 30th of April, 1920.

ALL INDIVIDUALS other than farmers and ranchers must use Form T 1.

FARMERS AND RANCHERS must use Form T 1A.

CORPORATIONS and joint stock companies must use Form T 2.

### Penalty

Every person required to make a return, who fails to do so within the time limit, shall be subject to a penalty of twenty-five per centum of the amount of the tax payable.

Any person, whether taxable, or otherwise, who fails to make a return or provide information duly required according to the provision of the Act, shall be liable on summary conviction to a penalty of \$100 for each day during which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$10,000, or to six months imprisonment or to both fine and imprisonment.

### General Instructions.

Obtain Forms from the Inspectors or Assistant Inspectors of Taxation or from Postmasters.

Read carefully all instructions on Form before filling it in.

Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.

Make your returns promptly and avoid penalties.

Address INSPECTOR OF TAXATION,  
CALGARY, ALTA.

R. W. BREADNER,  
Commissioner of Taxation.

### Acadia Locals

Acadia Local U. F. A. held their regular meeting Friday evening April 9. The meeting was well attended and interesting throughout. During the short business meeting, a resolution from the Vandyne Local was brought up for discussion. The resolution was finally tabled. The business meeting was followed by an excellent debate. The question was, Resolved that parliamentary representatives should lead rather than follow public opinion.

Mr. E. C. Hallman and Mrs. F. C. Bohannon of Acadia spoke for the affirmative. Mr. Tweed and Mr. Bryan of the Carlyle Local spoke for the negative. The delivery of all the speakers

was excellent, while their speeches showed a careful and painstaking study of the subject matter.

The affirmative won the decision, though only by a very narrow margin.

Some excellent musical selections and readings were given after the debate.

The Local has formed itself into a Mock Parliament and some exciting meetings are expected in the near future.

### Empress View

Until further notice the U. F. A. will meet in the Empress View School House and we trust the same interest will be shown as during the winter months.

The Empress View School

re-opened, April 12, with Miss Isabel Swanson as teacher.

We are sorry to learn that some who started to come to our last U. F. A. entertainment failed to arrive after reaching within a half a mile. It was pretty cold for swimming so they turned back. Try again. We hope you have success next time.

Geo. Tyler is getting an engine and plows so we expect to see the hill pretty well blackened this summer.

Hugh Miller is looking after Martin Carmody's farming interests during his absence. Martin is at Rochester undergoing treatment. We hope soon to hear a favorable report from him.

It is hard to find a dead gopher these days with a tail on. I may say that I have failed to notice any bob-tailed live ones yet.

There is quite an agitation on foot to have sleigh bunks widened out to correspond with wagon wheels. This question is to be threshed out at our next U.F.A. meeting, May 7. Come and help decide this important question.

Henry Harrison moved a house from Empress this spring to his homestead and is now engaged in erecting a barn adding to the improvements of the district.

Wm. Ellis, of Empress, is out on his farm these days preparing for spring work. We are glad to see Mr. Ellis around again after his illness.

At our next U.F.A. meeting there will be a contest. The prizes are already in the secretary's hands. Come early and reap the benefits of the U.F.A. discussions at eight o'clock.

Subscribe to the "Express."

### Ethel Patterson Seeks Divorce

Ethel Patterson, of Regina, has filed an action for divorce in the court of the King's bench at Regina. She is seeking dissolution of her marriage to Cyrus Alfred Patterson, of Estuary, the custody of her two children and what other relief the court may grant.

(It will be remembered that early this year, Mrs. Patterson was a visitor to our town for a few days, it being reported that she had run away from her husband at Estuary.)

Many farmers in the Medicine Hat and Hanna districts are sowing sunflower seeds this spring for fodder purposes for their dairy cattle.

## You'll Never Make a Dollar Easier Than This!

### Big Clubbing Offer

By special arrangement, we are prepared to offer a combination subscription to this paper and The Nor-West Farmer at a bargain price. If you are now a subscriber, you will be prepared to renew for another year. If you are not a subscriber, you certainly ought to be.

### The Old Reliable Farm Paper

A good farm paper such as this annually publishes hundreds of practical hints and other valuable suggestions of real benefit to any up-to-date farmer. The its popular "advertisers" is a "one shilling" through which subscribers and their families are freely acquainted with reliable and accurate information on any subject whatever. Hundreds of questions are answered annually in this way, and scores of important problems are dealt with by the large staff of expert correspondents, lawyers, mechanical engineers, poultry men, financial advisers and others, trained to handle difficult farming problems of every kind. The subscriber is thus enabled to get the best of the best in the Nor-West Farmer. You will never regret taking advantage of the offer.

### Subscribe at This Office

Big Land Deal in Saskatchewan  
A sale of farm land amounting to a quarter of a million dollars was effected by Charles Applegate, a real estate agent in Minneapolis, Minnesota, representing a number of farmers. The land is in Saskatchewan in the Humboldt district, one of the best mixed farming districts in Western Canada.

"My Back  
Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pain and ache.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 25 cents a box, all dealers, or Schenck, N.Y. Co., Ltd., Toronto.

Dr. Chase's  
Kidney-Liver Pills

## For Decreasing Armaments

Benefit Relationship Between U.S. and Britain by Disarming

Discussing the American presidential situation and its possible effect on the relationship between Great Britain and the United States, the London Daily News, under the caption "America and Arms," refers to the reaction from war in the United States.

"Rightly or wrongly," the newspaper says, "America's revolution against the treaty her representatives had helped to draft, and under the influence of that emotion resolved not to merely maintain her detachment from Europe, but to arm herself potentially against Europe."

"Nothing will bring the two hemispheres together more rapidly than a demonstration from this side of the Atlantic of a sincere resolution to disarm. Nothing could be more beneficial to Anglo-American relations than an invitation, extended more than once, by Walter Hume Long speaking officially as first lord of the admiralty, for completion with America, not to increase armaments, but to decrease them."

A GOOD MEDICINE  
FOR SPRING USE

Harsh Purgatives Should Be Avoided—  
A—W. W. Restore  
Your Energy

Not exactly sick, but not feeling well, and suffering from indigestion and people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Easily tired, appetite failed, some twinges of rheumatism or neuritis, depression, pimples or eruptions may appear on the skin, or there may be a general feeling of uneasiness.

Any of these indicate that the blood is out of order, and these symptoms may easily develop into more serious diseases.

Do not dose yourself with purgatives as so many people do, in the hope that they can get rid of their troubles. Purgatives go through the system, and instead of clearing it, they make it worse. What you need is a tonic that will build up the blood and nerves. Dr. Williams' Pink Pills can do this, and they are good for the blood and nerves. This medicine cures the blood, cleans the skin, improves the appetite and makes tired depressed men, women and children bright, active and strong as an example of the value of these pills we give the good reason why Dr. Williams' Pink Pills are the highest terms of Dr. Williams' Pink Pills. It was badly run down, falling in weight, and suffering from dry spells and weakness. In fact my condition was such that I was fairly able to go to my housework. A friend advised me to use Dr. Williams' Pink Pills and after using several boxes there was a noticeable improvement. I continued using the pills for some time longer and found that I had fully regained my usual health and strength. I was able to do my housework with ease and I did before I began to use them. Dr. Williams' Pink Pills are the only medicine that can be taken by the old or by a child at 50 cents a box or six boxes for \$2.50. Write for a free copy of our medicine Co., Brockville, Ont.

## Indians Seeking Rights

Indians of East and West Decide to Stand by One Another

An informal meeting was recently held in Ottawa of representatives of various influential bodies of Indians in Canada. The delegates were representative of the Council of the Six Nations of Brantford and of the allied tribes of British Columbia. Whilst no resolutions were passed it was decided to stand by one another in the interests of their rights and privileges, whilst a proposal to establish a general Canadian Indian alliance was favorably received.

The principal subjects discussed were (1) the pending bill before parliament proposing compulsory enfranchisement of Indians; (2) The wrongs of the British Columbia Indians, arising from the complete denial of that province of any land rights or other tribal rights whatsoever to them. The bill is now before the House of Commons, by which it is proposed to carry, in effect the agreement regarding reserves entered into between the two governments in the year 1912, which was based upon the assumption that the Indian tribes of British Columbia have no land rights; (3) The interesting historical claim of the Six Nations of the government to their own internal affairs. The conference is to be continued and is expected to be of benefit to all Indians in Canada.

## Demand for Good Horses

Since At This Season Are A Community Need

You should co-operate with your neighbors in order that some good sires may be brought in by private party or leased before the breeding season opens. Because:

1. The demand and price for good horses and nudes is increasing in spite of the fact that the supply is decreasing.

2. A farm demand is improving. 3. There is a shortage of good horses and nudes of all kinds.

4. City trade is improving, because transportation users of all kinds have discovered after years of experience that horses furnish the cheapest of all means of power on short hauls.

On this HARRY VICKERS, president of the Fuel Carriage Company of Chicago, says:

"There is word today that the horses cannot do long distance hauling with rapid transportation. But the motor cannot take the place of the horse, because the horse can do the work on short hauls just as rapidly and at a lessened cost of 25 to 50 cents on the dollar, consequently we never allow a truck to do the work that a horse cannot do, but we don't send a truck to do the work that a horse can do. It would be like having a truck do the work of a horse."

Of the farm demand, W. S. Cora says: "Farmers are determined to have good horses and nudes and prices for good horses have gone 35 a head in the last thirty days, while mules are bringing from \$800 to \$1,000 a pair."

Of the electrician, W. V. McChesney, of the McGraw-Hill Transfer Company, Minneapolis, says: "What we want is horses and nudes, and the more we want, the more we want. We can't get enough of them and the demand will never run out."

Chims of truck and tractor manufacturers that horses and nudes are destined soon to disappear are very properly met with the query: "Why should they? Horses and nudes, which, according to your views, are obsolete and destined to speedy disappearance, be in greater demand and at higher prices than ever."

The best thing a farmer can do this spring is to breed his good nudes to a first-class stallion.

She Could If He Would  
She—I don't think it is right to say a woman can't keep a secret.

He—What makes you say that?

She—No woman ever tried.

**C. O. CARLSON**

Mrs. G. W. Dawdy is confined to her home by sickness.

The opening date of the local Chautauqua has been postponed to May 27.

Dr. Kydd, of Estuary, was a visitor to town on Tuesday, making the trip from Estuary to here, by auto.

Mr. and Mrs. G. Durk, and family took up their residence at the south ferry on Saturday last.

Ed. Hayes has left the employment of the Standard Bank and is now working with Dan, McCrae.

Mrs. D. S. Sutherland and children, who have been spending the winter at Medicine Hat, Alta., returned on Saturday.

Miss Berenice Stewart left for Calgary, this morning, and will undertake a course in business training at one of the local colleges there.

Mr. and Mrs. S. E. Peters, who have been visiting with their daughter, Mrs. Geo. Malton, at Swallow, Alta., returned on Wednesday, of last week.

H. C. Shepherd, who has been confined to the house with sickness during the past two weeks, is reported to be making very slow progress back to health.

A. J. Wright, left this week for Leduc, where he will act as secretary for Mr. A. E. Sharpe, C.P.R. residential engineer.

Word was received this week of the death of Clifford Bellson of Mr. A. Bell, of Josephine. Deceased had been in various points in the States, seeking to gain good health and was on his return home.

G. L. Brown, made a trip to Drumheller, this week.

A case of common assault, between D. Hawkins vs. H. Gallup, was heard in the local court, Wednesday. The case was dismissed.

The regular business meeting of the I.O.D.E. will be held at the home of Mrs. M. G. Boyd, on Tuesday, May 4.

We are sorry to learn that our old friend, E. J. Nielson, has been confined to his home during the past three weeks with sciatica, but are pleased to hear that he is now on the road to recovery.

Messrs. Watt and Robertson are making extensive alterations to the W. Crosbie residence. Mr. and Mrs. Crosbie, and daughter, in the meantime, making their home in the new Union Bank apartments.

Dan Kennedy, of Acadia Valley, surprised many of his friends and neighbors by his return after several years of absence.

H. L. Robinson, Government Seed Grain Agent, returned to town the first of the week. Mr. Robinson, has the bills of lading for 10 car loads of hay for each of the following points: Jenner, Cavendish, Bindloss and Empress. He was expecting this feed to arrive on Wednesday night's train from the west.

Mark Bann, of Atlea, who arrived here on Monday night is lying in the local hospital in a very critical condition. He is suffering with peritonitis and has been sick for six or seven days. The only chance possible for his recovery, was by operation which took place on Tuesday. Dr. MacCharles calling in Dr. Kydd, of Estuary, for consultation.
